Church Plant Report

Iglesia Menonita Aposento Alto is working on building a close relationship with the three sister congregations in Wichita. In addition, we continue relating to Western District Conference and its congregations. We are also connecting with the Mennonite Church USA, its agencies and constituency groups.

In order to connect and build relationships, our missional approach and driving force has been "come and see, then go and tell" what God is doing (Matthew 28:1-10; John 1:43-51; 1 Corinthians 3:11). Such invitation demonstrates that the intent of church life and worship at Aposento Alto is to experience God with the intellect and with the emotional trends respectively. We believe that such approach will allow us to experience the Christian faith in a personal, communal and missional level; follow, believe and be transformed.

Our Tuesday Bible study (six adults and 8 children – ages ranging from 2 to 15 yrs old) is beginning to experience such invitation. We have engaged in conversations about inviting friends, acquaintances and neighbors to come, see and experience God's presence. In addition, we will implement witnessing and exposure through fellowship, potlucks and outdoor activities like games and informal conversations.

At this point, church life and corporate worship are being decentralized from a building setting to a more organic practice and exposure, namely small group/house church. Such practice encompasses communal hermeneutics, discipleship, worship, public witness and English classes more recently implemented.

In summary, we have come across with Hispanics dreaming and seeking opportunities to be productive and successful. However, many of them lack skills or higher education or are undocumented hindering such goals and dreams. In many instances and in spite of having the skills and education, structural systems will refrain such opportunities to be available to them.

The economical recession effects, the brutal winter and the tough and changing immigration laws, are the leading cause for Hispanic not being able to find steady jobs or not settling in one specific place. In spite of all, we are seeing God's hand at work and our ceaseless prayers are with them as well.

Please join us celebrating God's work amidst Aposento Alto and its ministry. We ask for your prayers as we continue reaching out to four new leads and the three current individuals with whom we are already relating to and hoping to see God's glory in their lives (John **11:40 NIV**).

MCC Thrift Store

Wichita may soon have its own MCC thrift store to raise funds for MCC and help a low-income neighborhood I-135 and Pawnee, an area with few other thrift stores. It would need 6 months to a year's capital in reserve, about \$7500, raised through donations and short-term, low-interest loans. For more information, contact Sally who is representing MCS in exploring this project.

MCC Work Day

The Mission and Service Committee is planning a work day at the MCC office in Newton. Stay tuned for more information.

Everence in 2013

In 2013 MCS received 6 grants from Everence, a total of \$532.50 for our Sharing Fund—about 50% of what we paid out to help each other. That makes us eligible for \$3,000.00 from Everence in 2014 if we need it. Thirty two percent of our church members receive services from Everence.

MDS

Mennonite Disaster Service helps neighborhoods clean up and rebuild after disasters, like tornadoes or fires. Right now help is needed in Texas, Louisiana, Mississippi, New York, North Dakota, Oklahoma and Canada. Considering the wild Kansas weather, we may need their help sometime. If you'd like to participate on an MDS team this summer, contact Sally, MCS's MDS advocate.
